

Wine Survivor FAQ

Q: How many people will be eliminated each day?

A: Draws will take place on December 1, 2, 4, 5, 9. The number of people eliminated each day will be calculated once the final number of participants has been determined. Whatever the number is, it will be the same every day, except for the final elimination day.

Q: How will I know if I have been eliminated?

A: Each team will have an assigned captain. Team captains will be notified daily of the eliminated names, and are responsible for passing that information along to their team members. You can also attend the drawings at the CCA building on the draw dates.

Q: How much wine will my team win?

A: The amount of wine your team wins depends on how many people are playing – the more players, the more wine there will be to win.

First Place – 50% Second Place – 30% Third Place – 20%

Q: Is there a way to increase my chances of winning?

A: Yes! You can either purchase immunities at \$5 each (maximum two per player, non-transferable), or join more than one team. For every team you join, you must pay the \$30. There is no limit on number of entries.

Q: I have wine at home. Can I use this with my registration fee?

A: No. We will be buying all of the wine to ensure all bottles are roughly of the same value (approximately \$20).

Q: Is there any other way to win?

A: Yes, there is, and it all depends on your team name. Five bottles of wine will be set aside for the team that has the best name. A list of team names only will be presented to the CCA Board for voting on the best name.
